Administration Services Advisory No. 01
Series 2026

TO : ALL CONCERNED

THRU : VICE PRESIDENTS AND CHANCELLORS

SUBJECT : CLARIFICATIONS REGARDING THE ENERGY CONSERVATION PROTOCOLS PROVIDED IN OUP MEMORANDUM NO. 460, s. 2026

DATE : 12 MARCH 2026

Pursuant to the Office of the President Memorandum Circular No. 114, s. 2026, and in accordance with Civil Service Commission (CSC) Memorandum Circular No. 6, s. 2022, the University adopted and implemented energy conservation protocols effective 9 March 2026 by virtue of the Office of the University President (OUP) Memorandum Order No. 460, s. 2026.

Relative thereto, all concerned are hereby advised of the clarifications regarding the following:

A. Frontline Services.

The 7:00 AM to 7:00 PM operating hours apply only to frontline services of the University. Offices that do not provide frontline services shall operate from 8:00 AM to 7:00 PM, except for personnel authorized to work from home. Hence, frontline service offices must ensure that sufficient personnel are assigned to render services until 7:00 PM.

Frontline services refer to government transactions that involve direct interaction between clients and the agency for the **processing of applications, requests, permits, licenses, certifications, or similar services** acted upon in the regular course of the agency's operations, as defined under the Anti-Red Tape Act (RA 9485), as amended by RA 11032.

Offices/units of the University that are generally considered frontline service providers includes, but is not limited to the following:

1. **Student-Facing Offices**
   a. Testing and Admission Office – processing admission applications and entrance requirements
   b. Registrar's Office – issuance of transcripts, certifications, diplomas, enrollment records
   c. Scholarship and Financial Assistance Office – processing scholarship applications and benefits of students
   d. Guidance and Counseling Office – student services and counseling requests

2. **Administrative / Public Transaction Offices**
   a. Cashier's Office – payment of fees and issuance of official receipts
   b. Accounting Office/Budget Office – processing claims, reimbursements, and clearances
   c. Human Resource Management Office (HRMO) – employment applications, certifications, and personnel services

d. Property and Supply Office – issuance of gate passes, property accountability documents
e. Records Management Office - processing of freedom information requests, request for documents, and requests for authentication

3. **Support Offices with Direct Public Requests**
   a. Library – issuance of library cards and research assistance
   b. Medical / Health Services – emergencies, consultations, and medical clearances
   c. ICT – system access and technical support requests
   d. Public Assistance and Complaints Desk - provide guidance on processes, requirements, and services offered by the university

Heads of offices, including those with frontline services, are highly encouraged to remain on duty until 7:00 PM to ensure proper supervision of personnel rendering work during the extended operating hours. This is to maintain effective oversight, ensure continuity of operations, and promptly addressing operational concerns arising within the core operating period. Approval of this schedule shall be in accordance with OUP Memorandum Order No. 460, s. 2026.

B. Leave Credits.

As clarified with CSC-Field Office Batangas, under the ten-hour work schedule, ten (10) hours of leave shall be charged as 1.25 leave credits. For employees under the ten (10)-hour compressed work schedule, one-half (½) day of work shall be equivalent to five (5) hours. Leave applications for half-day shall therefore be charged as five (5) hours or 0.625 leave credit. Employees who are observing the hybrid work arrangement shall observe the regular eight (8)-hour work schedule, and leave applications for such a day shall be charged equivalent to one (1) leave credit for a full day or four (4) hours for a half day.

C. Overtime Services.

The rendition of overtime services during the implementation of the Compressed Work Week shall be strictly regulated and shall be allowed only in cases of extreme necessity, subject to proper justification and prior approval of the University President for the Central Administration, or the Chancellor for Constituent Campuses, upon the recommendation of the Vice President for Administration and Finance, or the Vice Chancellor for Administration and Finance, respectively. **Any overtime service rendered without the recommendation and approval of the proper authorities shall not be recognized as valid service for purposes of compensation or credit.**

D. Personnel with fieldwork.

Personnel whose duties involve fieldwork (e.g. researchers) and whose nature of responsibilities and deliverables cannot be effectively accomplished under a compressed work week arrangement may request the adoption of a hybrid work arrangement. This arrangement must be coordinated with the HRMO to avoid confusions in the implementation.

E. Janitorial Services Official Time.

Within the Central Administration, janitorial personnel shall observe a work schedule one (1) hour earlier than the regular schedule of other personnel, in view of the nature of their

duties and functions. However, janitorial personnel assigned to the Offices of the University President, and the Vice Presidents may observe the 7:00 AM to 6:00 PM work schedule. Constituent campuses may determine and schedule the official time of their janitorial personnel based on operational requirements and sound administrative discretion.

F. Holidays.

If a regular or special non-working holiday falls within the scheduled workweek of personnel adopting the compressed workweek arrangement, the holiday shall be observed with pay (except for personnel engaged through Job Order and Contract of Services). In case a regular holiday falls within the scheduled workweek of the employee, the required forty (40)-hour workweek shall be considered as complied with.

If a regular or special non-working holiday falls on any day from Monday to Thursday, personnel adopting the compressed workweek shall observe the holiday on that day and shall render ten (10) hours of work on the remaining scheduled workdays of the week, while Friday remains the designated non-working day.

If a regular or special non-working holiday falls on Friday, which is the designated non-working day under the compressed workweek arrangement, personnel (including those engaged through Job Order and Contract of Services) adopting the compressed workweek shall render eight (8) hours of work per day from Monday to Thursday during that week, consistent with the regular work schedule. No work shall be required on Friday. For this purpose, the official time shall be **7:00 AM to 5:00 PM for frontline services** and **8:00 AM to 5:00 PM for non-frontline services**. **No work shall be required on Friday.**

Illustrative Examples:

a. If Employee X, a personnel adopting the compressed workweek arrangement, has a regular holiday on Monday, Employee X will not report for work on that day. Employee X will render ten (10) hours of work on Tuesday, Wednesday, and Thursday, while Friday remains the designated non-working day. In this case, Employee X renders thirty (30) hours of actual work during the week. In accordance with the rule that when a regular holiday falls within the scheduled workweek of the employee the required forty (40)-hour workweek shall be considered as complied with, Employee X is deemed to have complied with the required weekly working hours.

b. If Employee Y, who is under the compressed workweek arrangement, has a regular holiday on Wednesday, Employee Y will render ten (10) hours of work on Monday, Tuesday, and Thursday, while Friday remains the designated non-working day. Employee Y therefore renders thirty (30) hours of actual work during the week, and pursuant to the rule that when a regular holiday falls within the scheduled workweek of the employee the required forty (40)-hour workweek shall be considered as complied with, the weekly work requirement is deemed satisfied.

c. If Employee X has a regular holiday on Friday, Employee X will render eight (8) hours of work per day from Monday to Thursday, consistent with the regular work schedule. Employee X will not be required to work on Friday. In this case, Employee X renders thirty-two (32) hours of actual work during the week, while the Friday holiday is observed with pay.

Administration Services Office

G. Official Travel.

All requests for official travel and requests for use of vehicles must have an accompanying justification of urgency and operational necessity, and that the objectives cannot be effectively accomplished through alternative modalities. **Said justification may be included in the purpose portion of the Authority to Travel form.**

H. Alternative Work Arrangement Plan (AWAP).

All offices/units concerned shall prepare and submit to the Human Resource Management Office (HRMO) their respective Alternative Work Arrangement Plan (AWAP) monitoring template indicating the work schedule of personnel for proper monitoring of attendance and compliance with the required working hour. Those who are adopting the CWW arrangement (Monday to Thursday) shall indicate only their time of reporting, while those with WFH arrangement (Friday) shall indicate clearly the time of reporting, and the tasks/deliverables for that day.

For information and guidance.

LOUWELYN L. ANDAL
Director, Administration Services
